Senator Elkins would have us believe that successful men rarely ever whistle. However, they may be successful because they make somebody else whistle.

President Roosevelt rushed into print to praise the work of Congress. He was tickled because Congress couldn't get around doing everything he wanted done under the threat of his veto or fear that his veto might put Congress in a hole in the face of an election.

Just for hilarity, the Washington Post says: "Another reason why some people find it hard to take any stock in Mae Wood's story of her marriage to Senator Platt is because Platt has never been known to take to the Woods." However, isn't the burden of proof on old man Platt to show that December never marries May .

Mr. John W. Cox has succeeded Mr. Frank A. Hampton as business manager of the Washington (N. C.) Daily Messenger. The Messenger is an excellent paper for its opportunites and the Star wishes it success in the hands of its plucky publishers. Mr. John A. Arthur is editor and Mr. C. M. Simmons associate editor.

"Why did Congress omit to include in the rate bill a section regulating the peek-a-boo waist?" says the Charleston News and Courier. As a common carrier of what—mosquitoes or eyes?—Raleigh Times. It may be so, but we don't know, that Mrs. Roosevelt wouldn't let President Roosevelt make Congress pass a law giving him the right to inspect the peek-a-boo waist.

A man on trial at St. Joseph, Mich., for having two wives contrary to law and the peace and dignity of a well regulated household, plead that he married the second woman because he had actually forgotten that he was married to the first. P. S.—The result of the trial is not known but if there are any married men on the jury he will be found guilty for trying to make them believe that any woman will let a man forget that he is married to her.

...ON'S NATAL DAY

Great Outpouring of Wilmington People to Resorts of Pleasure on Glorious 4th.

BIG TRAFFIC ON ALL LINES

Consolidated Company Handled Eight Thousand—Events at Beaches, Soupthport, Fort Caswell, Laek Waccamaw and in City.

There was a great outpouring of the people on "the fourth" to the various resorts contiguous to Wilmington which had planned celebrations in any form in honor of the great National holiday. There were showers during the morning and thunderheads in the skies nearly all day, but this apparently did not dampen the ardor of those bent upon a day of recreation and pleasure.

Although no great preparation had been made for a celebration at Wrightsville Beach, the natural attractions there and the splendid transportation facilities made it a most desirable place to visit and the largest crowd was there. The Consolidated Company broke all fourth of July records in the number of people handled, the official figures given out yesterday afternoon showing an approximate volume of 8,000 people handled to the beach and sound during the day and night. Last year the record was about 7,000. Many people, not even the Consolidated officials themselves, realized that the traffic was as heavy as it was, the crowds having been handled with much greater ease than ever before. All day long and until midnight a train of three cars was operated to and from the beach on a half-hour schedule, which was maintained almost to the minute until a little time was unavoidably lost toward nightfall. Even that did not interfere with the convenience of the traveling public and at midnight the last car left Lumina with the last of the good natured crowd comfortably seated, pleased with themselves and everybody else. Every man from head conductor to track greaser and switchman took a personal pride in the handling of the crowds and everything passed off pleasantly and with the least friction ever witnessed on a similar occasion.

The crowds to Carolina Beach and Southport were the capacity of the boats plying between Wilmington and those points and with them too the handling of the traffic was the "best." Both the steamer Wilmington and Sea Gate carried large crowds on every trip. For the morning trip of the Wilmington more people appeared on the wharf for transportation than the steamer could accommodate, accordding to the Custom House regulations and she had to come away from her mooring and go into the stream before schedule time in order to keep the people from boarding her in spite

END UNHAPPY LIFE

Mary Younger, Disappointed, Tries to End Her Troubles By Suicide—At Hospital in Critical Condition.

A young woman, 23 or 24 years of age and giving the name of Mary Younger, attempted suicide yesterday morning about 1 o'clock in a house in Blake's alley, leading from Castle street, between Second and Third. She swallowed a bi-chloride of mercury tablet and was found soon afterwards in an unconscious conditon. A hurry call was sent for the ambulance and she was taken to the James Walker Memorial Hospital where it was stated last night that she was still in a critical condition.

The parties living in the house from which she was taken say that she came a week or two ago and applied for board, saying she was from Goldsboro. Further than that little is known of her past and the physicians who have been working to revive her have learned little more from her own lips. It is though that in a fit of despondency she took the drug with suicidal intent. Since her arrival at the house she had appeared low spirited and downcast and at times seemed desperate. The case is a sad one and no pains are being spared at the hospital to save her life and restore her to her parents if such a thing is possible. It will be several days before it will be known if her life can be saved. It was learned yesterday afternoon that the woman once lived in the red light district of Wilmington, went away, was disappointed in an effort to reform herself and finally decided upon suicide to end her unhappy existence.

ALL EFFORTS FAILED SCOTT TO HANG TO-DAY

President Declines to Interfere, Mutineer from Harry a Berwind Will Die in County Jail Early This Afternoon.

(Special Star Telegram.)

Washington, D. C., July 5.—The Department of Justice to-day through its "Pardon Board" declined to consider the petition of William J. Bellamy, of Wilmington, for the pardon of Henry Scott, sentenced to be hung for mutiny. Mr. Bellamy came to Washington from Oyster Bay and presented the authority of Mr. Roosevelt, for a full and careful consideration of the matter. The Solicitor General and Assistant Attorney General heard him at length but declined to stay execution, although commending his conduct. Scott will surely hang although Mr. Bellamy is still working for him.

INTERVIEW AT OYSTER BAY.

Oyster Bay, N. Y., July 5.—William J. Bellamy, counsel for Henry Scott, the negro mutineer sentenced to execution in Wilmington to-morrow, has apparently failed to obtain executive clemency for his client. Mr. Bellamy, who was in consultation for an hour with Secretary Loeb here yesterday, failed to obtain an interview which he sought with President Roosevelt most of whose time was given over to drying out after his "Jupiter Pluvius" speech to his neighbors.

After the interview with Mr. Loeb, Mr. Bellamy hurried to New York where after dining with his brother, Dr. Russell Bellamy and Mrs. Bellamy, at the Hotel Belmont, took a midnight train for Washington where he went to consult with Attorney General Moody and other legal authorities, regarding his clients' case with a view to securing Mr. Roosevelt's intervention. He reached that city this morning. The result of the lawyer's visit to the capital is not known here. Mr. Bellamy planned to leave Washington for Wilmington this afternoon and is probably now en route.

The nature of Mr. Bellamy's business with Secretary Loeb was not disclosed until to-day.

As was announced exclusively in these columns Wednesday morning the purpose of Mr. Bellamy's visit to the North on Tuesday evening was to secure Presidential intervention in the matter of the execution of Henry Scott in the county jail here to-day. The story of these efforts is told in the above special dispatches to the Star last night and the hanging will take place to-day according to the death warrant signed and delivered to Marshal Dockery Wednesday morning by U. S. Court Clerk S. P. Collier. All day Wednesday and yesterday the Marshal, assisted by Deputies Knox, E. W. Furr, Jailer Capps and others, was busy in making all arrangements for the execution. The gallows was put in first class condition as to its mechanical working on the day before Mr. Dockery's arrival late Tuesday night and Wednesday it was given several tests with a 200-pound bag of sand in order that there may be no possibility of an accident. It was finally put in perfect working order and it is believed that the execution to-day will be altogether successful in every way.

The hour of the execution is not given out by the Marshal, but it will be some time in the early afternoon, as he has consented to stay the execution until after the arrival of Mr. Bellamy, who will get here either on the 10:10 A. M. train this morning or

FINANCES OF COUNTY

Auditing Committee in Regular Monthly Session Yesterday Afternoon. Treasurer's Report for June. To Remove Convict Camp.

The Auditing Committee of the Board of County Commissioners was in regular monthly session yesterday afternoon, members present being Chairman McEachern and Commissioner Robertson. After the meeting the Commissioners named and Commissioner Divine, composing the Roads Committee, went out the Scotts Hill road to arrange for the transfer of the convict camp to within two miles of Scott's Hill, the road having progressed that way so far that the present base of operations is too remote from the actual work.

THROWN FROM CAR

Lumberman from Marion, S. C., Severely Injured at Third and Princess Streets on the Morning of Fourth—At the Mospital.

Mr. William Rountree, a lumberman of Marion, S. C., while attempting to board a rapidly moving suburban car at Third and Princess streets on the morning of the fourth of July, was thrown violently to the brick pavement and suffered injuries of the hip which will probably lay him up for some time.

Mr. Rountree is with the new mill which the Cape Fear Lumber Company is building at Marion and came to Wilmington on business and to spend the Fourth at Wrightsville. Shortly before the approach of the car from which he was subsequently thrown, he was standing at Third and Princess streets, talking to Alderman J. A. Karr. For the holiday, notice had been issued that cars would not stop on that corner and the company had taken the extra precaution of stationing a man there to inform people that there would be no stop there.

When Mr. Rountree approached, the man employed informed him that no car would stop there. Mr. Rountree said that it was too late then to go to Fifth street and against the advice of Mr. Karr, he said that he would board the car anyway as he was experienced in train jumping. As Mr. Rountree made a leap for the steps, he missed his hold and was thrown violently. He had the presence of mind to draw his legs up just in time to escape having them cut off by the wheels of the car.

Mr. Rountree was unable to arise at first and was assisted by Mr. Karr and others to Dr. Russell's office from which he was subsequently taken to the hopital. His injuries are very severe about the hip but are not regarded as serious. His wife was telegraphed and was expected to come yesterday to be with her husband. The patient was reported as resting much easier at the hospital last night and will be able to go home in a few days though it will be some time before he will be able to go about again.

STABBED IN SALOON

Ugly Affair That Occurred Last Night About Nine O'clock on Castle Street.

MIKE BRYANT THE VICTIM

As He Stood at Counter Quietly Taking a Drink, Jim Marine Slipped in and Dealt Blow With Six-Inch Blade.

While standing at the counter in a bar at Seventh and Castle streets, taking a drink with a friend last night about 9 o'clock, Mike Bryan, a young man well known in the city and formerly a member of Engine Company No. 2, of the Wilmington Fire Department, was stabbed in the back by Jim Marine, white, who seems to have stolen in the saloon door and stuck a dirk in Bryan before the latter knew he was anywhere about. The knife or dirk had a six inch blade and after sticking the young man in the right shoulder, the blade was left in the wound to a depth of several inches. Bryan was subsequently taken to the hospital where it was reported last night he was very severely but not seriously injured.

Mr. W. E. Watson, an all-round athlete and a former member of the police force, was fortunately the friend with young Mr. Bryant at the time. Turning from the counter, he saw the knife still sticking in the wound of his friend as Marine dashed out the door. Reaching over, he drew the knife out of Bryant's shoulder and gave chase to the man who had so cowardly attacked the other. He ran him for some little distance, finally overtook the culprit in an alley that runs between Church and Castle and Fifth and Sixth streets, knocked him over and later delivered him to Policemen I. F. Huggins and Joe Lane, who were patrolling that beat. Marine was locked up at the station house and will be given trial before the Mayor as soon as Bryant is able to leave the hospital.

The stabbing seems to have been the sequel of an altercation that occurred between the two men a short while before at Eighth and Castle streets. Marine and Bryant had some words over rival politcal candidates and the two went together. Marine was evidently worsted and awaited his opportunity to even up matters with Bryant, choosing the course afterwards pursued.

The knife left sticking in the wound and later turned over to the police is a very dangerous weapon and has a blade about six inches long. Marine is said to have been in possession of the knife before but has not had the opportunity to use it in the way he desired. When the two men walked off from the saloon at Eighth and Castle and were quietly taking a glass of beer together, Marine watched

WORK ON TERMINAL

Force of Convicts Arrived Last Night From State Penitentary to Do Grading, Etc., for A. C. L. In This City.

A force of fifty-two convicts for work on the mammoth terminals of the Atlantic Coast Line near Smith's Creek bridge, in this city, arrived last night on a special train from the State penitentiary and will begin work at once. The convicts have been at work on the Raleigh and Southport railroad above Fayetteville, and for the work in Wilmington will be camped out about the Castle Haynes road crossing. The convicts come under the Atlantic Coast Line's contract with the State and will be used in the heavy work, such as grading, laying iron, etc. They will be here probably for several months as the enlargement of the Atlantic Coast Line terminals is to be on a big scale and will more than double the present capacity of the Wilmington yards.

The convict force is in charge of a superintendent from the State penitentiary and a number of guards from the headquarters in Raleigh. In a few weeks, the grading, etc., near Smith's Creek will be well under way and it is understood that it is not at all unlikely that the force of convicts will be enlarged from time to time. The convicts last night were guarded aboard the train until other provisions are made.

During to-day and to-morrow the Polvogt Co. will give three trading samps for one. **

MIGHT HAVE BEEN WORSE.

Concerning the recent incident at Oyster Bay, the Washington Post says:

"Secret Service Officer James Sloane, a bodyguard of President Roosevelt, has been placed under arrest on the charge of assaulting one Clarence Legendre, a photographer, at Oyster Bay. As the President was alighting from his train the photographer shoved a black box forward and snapped the shutter of his camera. Instantly Sloane leaped upon the fellow and dealt him a blow upon the cheek. Sloane is now to be tried before 'Squire Franklin for battery. We trust the law-giver of Oyster Bay will not only discharge Sloane, but commend him for his alertness and bravery in looking out for the safety of the President. There was no time to investigate whether the man with the box was merely a pestiferous camera fiend or an assassin in that disguise. The impertinence and boldness of the camera fiend, and the fact that the President was momentarily exposed to danger, may have given the Secret Service officer good reason to believe that an attempt was about to be made to kill the President. Without waiting to determine this point, the officer very properly did his duty by knocking the camera man over. He would have been grossly negligent if he had done otherwise. Equal watchfulness and prompt action at Buffalo would have saved the life of President McKinley."

The camera fiend probably got off light. He might have been shot on suspicion of drawing a deadly weapon. His camera might have been all sorts of an infernal machine. The photographer ran a great risk. The fact that the secret service man took the law in his hands and hit him shows that if the camera fiend had been an assassin with a bomb he might have been lynched on the spot. Of course, hitting a man is taking the law in your own hand and lynching is the same on a larger scale.

AT GUILFORD BATTLEGROUND.

At the Guilford Court House battleground on Wednesday there was a great 4th of July celebration, with a tremendous crowd in attendance to celebrate the Nation's birthday and commemorate two of its Revolutionary heroes. The feature of the occasion was the unveiling of handsome monuments to the memories of Brigadier General Francis Nash and Brigadier General William Lee Davidson. These two monuments were built at a cost of $10,000 and are the gift of the National Government through an appropriation of Congress. They add to the other handsome monuments already standing on this famous battleground and will aid in perpetuating the historic place through the ages.

The celebration at the battleground has added interest for Wilmington from the fact that her distinguished mayor, Hon. Alfred Moore Waddell, was one of the orators on the occasion. He delivered an eloquent and classic sketch of the career of Gen. Nash who was mortally wounded at the battle of Germantown, Pa.

The other orator for the day was Major William A. Graham, of Lincolnton, whose address was a sketch of the career of Gen. Davidson, a native of Iredell county, N. C., who received a death wound while opposing the British at the crossing of the Catawba river not many miles from Charlotte. The addresses of Col. Waddell and Major Graham contribute the history that will tell the future Carolinian the object in erecting the monuments unveiled on Wednesday.

THE DANGER TO THE CANAL ENTERPRISE.

The press teams with knocks against the work of digging the Panama canal, but how is anybody to know that the criticisms of the operations on the canal zone are true or not true? If the critcisms are not true it would seem to be an easy matter to prove that the knockers are prevaricators or are inspired by a motive to disparage the operations. A great many people are prepared to believe that many of the reports from the canal zone are true, but does anybody suppose that the canal could be built without some scandal, especially if it is built by a government controlled by a partisan political party? People who know that the millenium hasn't dawned yet are prepared to hear a good deal about scandals on the canal, but what the people want to know is whether they are founded on truth or upon some base or selfish motives. It seems that one of the latest knockers about the canal work is a Mr. Kenly, of Baltimore, and concerning his reports from the canal, the New York Journal of Commerce says:

"The 'former assistant engineer to the Panama Canal Commission,' who is quoted as saying that he does not 'believe the government can possibly construct the Panama Canal under prevailing conditions,' and that he is 'further convinced that no such conditions can be brought about as will enable the government to complete this stupendous task,' is very likely disgruntled at being no longer an assistant engineer, or at not receiving the consideration to which he thought himself entitled. But he is not the only one who has touched upon what is really the greatest danger to the canal enterprise, the employment of incompetent persons in more or less responsible positions through political or personal favor. This Mr. Kenly, of Baltimore, who has just returned from the Isthmus, is said to have been first 'assigned to special work' at the headquarters of engineering and construction at Empire, and afterwards placed with the department of waterworks and sewers at Panama. This affords no evidence of his capacity or disinterestedness as a judge and a critic of what is being done, and his statements are to be taken with all reserve.

"Mr. Kenly is quoted as saying that the Health Department at the Isthmus has been doing 'magnificent work,' but that the same cannot be said of the engineering and construction department. 'The great force of engineers and foremen,' he declares, 'lack practical knowledge. There are too many school boys and personal friends there who are impractical, inexperienced and weak. For instance, 'there are foremen employed on the Panama Canal at big salaries who have never before been on a public work of any kind.' There is a distinct suspicion of personal disappointment or personal grievance suggested in these remarks by a 'former assistant engineer,' and 'public work' is not the only place where competency for engineering or constructing skill is to be acquired, but there is an echo in this of various other reports about the comparative inefficiency and worthlessness of many of the young men to whom places have been given at the Isthmus through political or personal influence or 'pull.'

"There is no doubt that just this thing is liable to be the bane of this undertaking and to imperil its success more than anything else. There are no insurmountable engineering difficulties, and the general labor problem is by no means beyond solution. But everything depends upon the competency, the practical efficiency and the fidelity of the force of men who have direction of the work, and they must be chosen only for their capacity and their qualifications for the duties assigned to them, or there will be enormous waste of time and money and the certainty of scandal and public disappointment. Political "pull" or influence and personal favoritism must be absolutely excluded in the selection and retention of these men or serious trouble will be inevitable. The complaint is a matter that President Roosevelt and Secretary Taft should look to and not push lightly aside as the outgiving of disgruntled soreheads. It comes from many other sources."

It is hardly worth while to assume that Mr. Kenly has a motive until his motive is shown, and even if he has a motive or animus of any description his statements may be absolutely true. People with animus or motives frequently do and say things for which there is every reasonable ground upon which to base their statements or action. However, the purpose of the Star is to express a wonder whether socialists and people who believe the government can do things better than private individuals will have that opinion by the time the Panama canal is built under our political system. The question is whether the government can do anything better, more economically and with less scandal than it can be done otherwise. It is reasonable to suppose that some people won't think so by the time the canal is in a finished condition to take ships from the Atlantic to the Pacific. This is simply a prediction that some people who want the government to do everything will be disillusioned.

CURRENT COMMENT.

—Now that the doctors have succeeded in removing and washing a man's heart with beneficial results, they might try the experiment on a cigarette fiend's brains.—Washington Post.

—The fact that the celebrated Colonel Jack Chinn, of Kentucky, hit a man with an umbrella instead of killing him with a pistol is another sign that the "good old times" are gone forever.—Atlanta Journal.

—Cable dispatches from St. Petersburg a day or two ago said there were fears of other "pogroms" on Sunday (yesterday). A "pogrom" is a massacre of Jews. The word is a new one to the English language, but it is of frightful significance. — Savannah News.

—This effort of the dancing masters to have the hugless waltz adopted will never be as popular as the demand for a waltzless hug.—Washington Post.

—Senator Tillman's refusal to attend the campaign meetings has been financially disastrous to the gentlemen who give the barbecued dinners.—News and Courier.

—We defy any town in Texas to show us a set of girls superior to our Rusk girls. We want to say to you again, girls, you are a band of queens. We certainly are proud of you; we love to hear you talk, sing and play; your social clubs of a literary nature are putting you on a very high intellectual plane; your friendliness and frankness are commented upon by many; your beauty and your lofty characters make us feel like rising right now and making you a great bow.—Rusk (Tex.) Press-Herald.

—The opening of the Durham & Southern Railway gives our people and this section an easy and quick trip to Wilmington, and the sea coast down that way. Week end tickets have already been put on. This brings Wilmington, Wrightsville and Carolina Beach and Durham closer together than they have ever been before, by rail. We are glad to shake Wilmington's hand so nearby, and we hope our progressive city, and the eastern metropolis will have a long and big commercial intercourse, as well as a social career of great pleasure. We cordially invite the Wilmingtonians and the sea coast people up to see us. Bring your knitting, and spend a day or a week. We are nearby neighbors now.—Durham Sun.

—One of the lawyers returned from the recent convention at Wrightsville, says to the Concord Tribune: "The doctors of the State had a meeting in Charlotte recently and at one banquet drank four hundred bottles of champagne; the lawyers last week at Wrightsville drank nothing and almost turned one member of the association out for taking a glass of ginger ale. I want you newspaper people to notice this difference." When the explanation is known, there is nothing in it for the Concord lawyer to boast of. At their annual gathering, the doctors simply wanted to know how it felt to have a few drinks under their shirts. At their annual gathering the lawyers wanted to know how it felt not to have a few drinks under their shirts. That is the difference as the Chronicle sees it.—Charlotte Chronicle.

MAN WAS TERROR TO HIS FAMILY

Had Become Desperate From Liquor Disease—Keeley Treatment Cured Him and All Rejoice.

The Keeley Institute, Greensboro, N. C.

A few months ago while I was caring for a drinking man an old graduate of the Keeley Institute at Greensboro, N. C., said to my wife, "If it was not for Keeley I could not stand alone." Two years ago that man was a terror to his family—to-day he is a blessing. To-day I am a busy man and happy—happy because I am free from any desire for drink, and am permitted to live to help better mankind. I owe my reformation to the Keeley Institute at Greensboro, N. C., and my life to the patient treatment I received while there in 1892. When all was dark and shut in; when my own efforts to "quit" had failed, I received a letter from another graduate urging me to go and be cured. It was the last effort I ever intended to make, but I was cured by the treatment, and not by the surroundings, nor by "will power." The old craving is gone. Very few men quit the drink or drug habit by their own power. When a man is helpless others must help him. The Keeley Cure is the only help I know of for the "far gone."

A STORY OF PROGRESS

Six years ago Geo. O. Gaylord realized that his business had reached the point that presented unusual opportunities of greater growth, and he laid his plans by building and moving into his present store on North Front Street which is a building of 49 feet front and one hundred and twenty-five feet deep and three stories high.

The location at the time was a little out of the trading section and it was generally surmised that his business would go to pieces because it was somewhat out of the range of other merchants. His reputation, however, was too well established. He moved his business to this seemingly out of the way location and with him went the trade.

He had been in business in this town for some ten years before beginning business with comparatively no capital and little or no experience, he has like the acorn now grown to be the oak and spreads the branches of his store over more floor space than any one men's store in North Carolina.

After being in this store for two years we found our floor space not large enough for our business and planned to build and did build another store three stories high with a frontage of 35 feet and a depth of 120 feet.

These twin stores he occupies alone and they are now filled to their utmost capacity.

Not satisfied; he is now planning to build still another additon to his store on a vacant lot in the rear to be 49 feet wide and 67 feet deep.

His business is increasing to such an extent and his departments becoming so cramped that he finds it a necessity to enlarge his store in this way to make room for his stock.

With this great amount of goods there must be represented a good assortment and his many departments are kept up full and complete.

He has a premium department which he has just been called upon to examine into as to the premiums given away within the last two weeks and the amount even surprised him. He cannot tell whether it pays or not, but he feels sure his customers appreciate it because they receive good and useful presents on their purchases while they cost them absolutely nothing.

This business is built up on a solid basis by dealing honestly, fairly and squarely with each and every one.

This store sells values and our merchandise sales grow daily.

This progress is no newspaper story. Look on the front of the big building on Front street and you will find only the name Geo. O. Gaylord on the store. He wants you to become a customer. He has goods to please any one and his assortment is so great than he can suit any one as to price.

In low prices and big values, he absolutely leads.

He keeps all classes of Summer goods and his stock is up to the minute.

Watch his progress. He has not reached the top yet. A few more years will unfold still greater surprises.

COME TO THE BIG DEPARTMENT STORE,

GOE. O. GAYLORD, Proprietor.

TO THE DEMOCRATS VOTERS TO NEW HANOVER CO.

I take this method of thinking you for the kind support given me in the past, and at same time announce myself a candidate for renomination to the office of County Treasurer, subject to the action of the Democratic primary.

SPIRITS TURPENTINE

—The season at Morehead City is stated to be highly satisfactory.

—The Republicans of Yadkin county have nominated a full county ticket.

—At Salisbury, Tuesday evening Sanford Jordan, a white man, aged about 35 years, fell from a train and was instantly killed. He was intoxicated.

—The Wilson Business Men's Association gave a picnic July 4th at Finch's Mill, about five miles from the city, and consequently practically all the stores here were closed.

—Pender Chronicle: The Board of Education elected Rev. Chas. Utley, of Canetuck Township, for County Superintendent of Schools to fill the unexpored term of Mr. T. T. Murphy, resigned.

—The Wilson postoffice authorities state that the receipts at the Wilson office are steadily increasing. The receipts for the past quarter were the largest in the history of the office for the same period.

—The receipts of cotton on the Wilson market to July 1st amount to slightly over 11,500 bales. The exact figures for same period last season are not available, but will probably exceed this season's by 2,000 bales.

—Pender Chronicle: There will be a basket picnic at the Moore's Creek Battle Grounds Friday, July 20th. Come one come all and be sure to bring a basket as there will be a large crowd there.

—The handsome and commodious new home of the Elks in Raleigh is near completion and the first meeting has already been held there. A fine swimming pool of 30,000 gallons capacity, together with needle and regular baths, is a part of the arrangement. The furniture is in the building and will all be placed within a day or two.

—Mooresville special, July 4: Mr. Claude Alexander, a young farmer of Mount Mourne, is critically ill with typhoid fever. His father, Mr. D. N. Alexander, being unable to work the crop in the fields and pay the proper attention to his sick boy, twenty-five neighbors gathered on the place Monday and put in a day, running at one time sixteen plows.

—Will Cannon, colored, shot and killed Charles Taylor Wednesday afternoon at Rich Hill church, three miles from Concord. The negroes were holding a 4th of July celebration on the church grounds when the tragedy occurred. After a few hours' chase Cannon was caught by Deuties Robinson and Moose.

—The lumber holdings of the Smokemont Lumber Company, of Swain county, have been sold to William S. Harvey, of Philadelphia, for the Southern Spruce Company, a large corporation chartered under the laws of New Jersey. The lands, embracing some 31,000 acres, are in the mountains of Swain county, N. C., and a portion in Sevier county, Tenn. The price was a big one but was not made public.

—Raleigh correspondence Charlotte Observer, July 4: The pestiferous peeping man is in evidence in Raleigh as in other cites, where women are wont to be gathered together. This time a young man of good family and connections has been hauled before a magistrate for trespass and will be dealt with according to his deserts. Others are being watched for having itnerfered with the ladies attending the Summer School and by the gauge of local indignation the punishment shall fit the crime.

—Statesville special, July: The eighth annual convention of the North Carolina Letter Carriers' Association met here with the local carriers this afternoon. The following officers were elected for the ensuing year: Charles E. Echerd, of Statesville, president; H. B. Ray, of Ashville, vice president; D. W. Hunter, of Charlotte secretary-treasurer; A. Prempert, of Winston, sergeant-at-arms; M. Montgomery, of Greensboro, national State vice president. There were only a few carriers present, there being only 15 city free delivery offices in the State and only seven of these belong to the association. The next meeting will be held in Winston July 4, 1907.

—What was undoubtedly a suicide occurred near Concord. It was early Tuesday that Mr. Elam Cruse was found dead in his bed. He was lying across the bed and by his side a revolver, with which it was supposed he had shot himself. Mr. Cruse lived alone and had but recently recovered from a spell of fever. His condition since the fever had caused apprehension on the part of his relatives, since he had never fully recovered himself. A brother lives near and not seeing him out on Sunday nor Monday, became uneasy and early Tuesday morning went to the house and broke in the door. Then it was that the dead man was found.

—Greensboro correspondence: The Messrs. Cone, proprietors of the several cotton mills at Greensboro, gave a 4th of July picnic, as is their annual custom, to the employers of the White Oak, Revolution and Proximity Mills. A large dinner was prepared for the employes by their employers and the day was immensely enjoyed by all. To furnish this dinner for several thousand employes required a large amount of groceries and eatables and the list of things purchased was sufficient to startle one.

—Charlotte Observer: Dr. Tait Butler, State veterinarian, is expected to arrive this morning from Raleigh. Dr. Butler will assist in making the post-mortem examinations of several of the cows which were condemned by Dr. Adam Fisher from the herd of cattle belonging to Mr. E. C. Moore. If the cows examined are found to be diseased, the others that were also condemned will be killed. According to the agreement reached several months ago by the city and dairymen, the city is to refund half of the value of the condemned cows when killed. The object of the post-morten examination is to ascertain the correctness of the tuberculine tests made by Dr. Fisher several days ago.

—Charlotte Chronicle: As a result of the bridge building discussion, at the meeting of the county commissioners yesterday, it was decided to re-build the Rozzell's Ferry bridge, whose piers have stood invitingly intact, but neglected, since the bridge was burned by the Federal troops at the close of the war. The estimated cost of the bridge is $8,000 and of this, Mecklenburg county agrees to pay $5,000. It is not to be doubted that Lincoln and Gaston counties will co-operate in the building of the bridge. One of Mecklenburg's famous good roads leads from the river at this point to Charlotte and when the bridge is built it will be as the opening of a new highway of commerce.

—Charlotte Observer, July 5th: Now that the Democratic State convention is over those interested in political news will turn to the Republican convention, which will be held at Greensboro on the 10th. Mr. Adams' friends are confident that he will win the chairmanship; in fact, they claim that he has enough instructed votes for him to carry the election. This the supporters of Blackburn deny. There is some talk about the Mecklenburg Federal office holders in connection with this Adams-Blackburn fight. Charlotte has desirable positions: One at the United States Assay and one at the postoffice. The Charlotte officeholders will be on the anxious bench. The Republican situation grows more interesting every day.

ALL EFFORTS FAILED SCOTT TO HANG TO-DAY

Continued from page one.

on the Seaboard Air Line train shortly after noon. While the gallows was being tested Wednesday and again yesterday, the grating and sudden thump when it came to a dead fall, was plainly audible by Scott but he is said not to have betrayed the slightest emotion. The trap will be sprung by Marshal Dockery personally and he does not appear the least nervous over the unpleasant task set before him. He goes about the arrangements in a matter of fact sort of way and though he is besieged with questions and requests, he is patient and courteous. Every detail of the arrangements for the hanging is now complete and officers and prisoner only await the hour.

Only a limted number of passes to see the execution have been issued by the Marshal. Naturally he has been unable to grant all requests that have come to him, but he has been very generous as far as the law will admit and the accommodations in the jail will. Not over 50 people at the outside will be present at the hanging. Dr. F. H. Russell, who has been physician for Scott by engagement of the government, will probably be the physician who will officially pronounce him dead. Then there will be present Rev. E. R. Bennett, who has ministered so faithfully to his spiritual wants and given the prisoner money and other little things to make his last days as pleasant as possible under the circumstances. There will also be other ministers in attendance.

An interesting feature of the hanging will be the making public the statement issued Tuesday by Scott and upon which Mr. Bellamy, his attorney, sought to get a respite from the President. It is stated that Scott will supplement this statement with a verbal discourse of about the same tenor. The bearing any such statement will have upon the cases of the other two mutineers, Adams and Sawyer, will be awaited with interest.

Religious services were held for Scott probably for the last time yesterday morning a few minutes before noon. There were present the Rev. E. R. Bennett and Rev. W. T. Wood, of the Episcopal church; Rev. J. Jackson and Rev. L. D. Kennedy, of the colored A. M. E. St. Stephen's church. It was the first service which Scott has consented to attend with Adams and Sawyer, against whom he is arrayed and this is regarded as significant. The Holy Communion was administered to all three prisoners in the presence of the U. S. Marshal and other officers who were present to witness the service. At one point in the service, Scott is said to have completely weakened and wept. He expresses his willingness to meet his God after the statement he has made and says that he is clear with the world. The service yesterday was very impressive indeed and concluded with singing and prayer.

Horsewhipped a Negro.

A negro conducting a refreshment stand at the Lake Waccamaw outing on the Fourth of July was insolent to a white lady in the presence of some white men and one of the latter secured a buggy whip and administered to the black ruffian a severe cow-hiding. The negro ran into the lake up to his knees and was followed by the outraged white man, who is reported to have been dressed in a white duck suit. The negro had to be taken across the lake in a boat to escape more severe punishment at the hands of the angry whites.

New Tribe of Red Men.

The new tribe of the Improved Order of Red Men will be organized tonight by Deputy Organizer W. L. West and next Tuesday night the tribe will be instituted. Past Great Sachem J. R. Davis will institute the tribe and a big delegation from the Southport tribe will be here to assist in the installation. The visitors will bring with them the post band from Fort Caswell, and the institution of the new tribe will be a great event with the local copper skins.

The Massengale Agency.

The Star had the pleasure of a visit Wednesday from Mr. St. Elmo Massengale, president of and founder of the Massengale Advertising Agency, of Atlanta, Ga. This house is doing a very large business and numbers among its clients a number of the most extensive advertisers in the South, one of them spending $150,000 a year through the Massengale Agency. Its clients and the newspapers with which it does business all testify to its efficiency, integrity and courtesy.

Twenty Year Battle.

"I was a loser in a twenty year battle with chronic piles and malignant sores, until I tried Bucklin's Arnica Salve; which turned the tide, by curing both, till not a trace remains," writes A. M. Bruce, of Farmville, Va. Best for old Ulcers, Cuts, Burns and Wounds. 25c. at all druggists.

NATIONS NATAL DAY

of the Custom House rules as to numbers. On the afternoon trips the Wilmington and Sea Gate also handled good crowds.

The excursion to Lake Waccamaw over the Coast Line carried nearly a thousand people and the crowd at the Lake from all the adjoining counties was estimated in the neighborhood of 2,500. The train returned about 9 o'clock at night.

At Wrightsville Beach.

At Wrightsville Beach, other than the usual attractions at Lumina, the chief feature of interest was the annual regatta of the Carolina Yacht Club, which was witnessed by a large number of people and enthusiastic yachtsmen. The race was won by the Don Julian, Capt. W. L. Parsley, sailed by Capt. O. A. Wiggins. The Puzzle, Capt. E. A. Metts, won the second prize. The Don Julian covered the course in an hour and 28 minutes, thereby establishing a new record by six or eight minutes. The wind was from the southeast and almost a gale. The Thalia, Capt. Hammer, looked an easy winner until almost the finish when she capsized and all was lost. The first prize was a silver loving cup and was presented to Capt. Wiggins after the race by Mr. R. C. Cantwell, of the Club. The second prize, a handsome clock, was presented to Capt. Metts, of the Puzzle. The timekeepers for the race were Dr. W. D. MacMillan and Mr. Cantwell. It was a highly successful affair. There were eleven entries, only about half of which finished.

Carolina Beach and Southport.

At Carolina Beach there was a large crowd all day. There was music and dancing in the pavilion all day; bowling, skating and other diversions. In the main the order was good and all who went there were much pleased with their day's outing.

At Southport there was an elaborate celebration and the whole town was out in force to enjoy the day with about three thousand visitors. The Fort Caswell Artillery Band was over for the day and a series of athletic and aquatic sports, boat races in the afternoon and side trips to Fort Caswell rounded out a fine day for everybody. The visit to Fort Caswell was a revelation to all who went to the post. The visitors were most cordially received and were shown over the fortifications by special details of soldiers who were courteous and polite uniformly. Many of the soldiers also took part in the sports at Southport. There were late trips of the boats up from Southport and all who went there expressed themselves as highly pleased with their reception and entertainment.

Day in the City.

There was a general suspension of business in the city for the holiday but few attractions aside from a shoot by the Wilmington Gun Club and a game of baseball between a picked team of collegians and the Market Street Giants of the City League. It was one of the best games of the year, the Giants having won by a score of one to nothing. There were about 300 of the "faithful" to witness the exhibition. Parker, a new discovery in the box for the Giants, did phenomenal work for the winners, while Smith for the Collegians also pitched a fine game. The catching of Seifort for the Giants was a feature of the game. Mr. R. Green umpired the game and gave entire satisfaction. Two costly errors in the fifth inning lost the game for the college boys who otherwise gave a sprightly exhibition of the sport.

On the Waccamaw excursion another Wilmington team played the Lake team and was defeated by a score of 4 to 3. Banks and G. Moore formed the battery for the Wilmington team and Council and Council for the opposing team.

The trap shoot by the Wilmington Gun Club attracted a goodly number of devotees of the sport and some good scores were made. Senator Brooke Empie led the shooting with 21, 20 and 22 out of a possible 25 in each event. Littig, Hergenrother, Penny, Boushee and Holmes were some of the other high scorers.

Some Notes of the Day.

Generally speaking this was a Fourth of July remarkably free from casualties. In spite of the crowds in public places there was not a serious accident and the order was excellent. At Lumina the jam was great at times but the crowds remained in good humor. Policemen G. R. Holt, J. H. Ottaway and D. W. Willis were looking after things around Lumina and there was not the slightest breach of the peace among the large crowd of ladies and children assembled at the "pleasure palace."

The conductors and motormen and other employes of the Consolidated Company, all of whom were strictly on "the jump" all day, desire to thank the company for refreshments served at leisure moments and also to the Oasis, on Princess street, which also served refreshments to the tired men on the all- day trains.

Lumina's new veranda affords a fine view of the moonlit ocean, Lumina is a delightful place to spend the evening these hot nights. 6-30 tf

around the door, evidently, and saw his chance. Bryant uttered a cry when he was stabbed and Watson immediately recognized what had been done, having the presence of mind first to draw the knife from the wound and then give pursuit to the man who had inflicted the injury.

The blade struck Bryant on the right shoulder and struck the bone else the consequences might have been fatal. Had the wound been two inches lower, it is said that it would have been fatal anyway. As soon as possible the wounded man was taken to Hall's drug store and subsequently transferred to the hospital. The wound is an ugly one but is not dangerous.

FIRST ANNIVERSARY

Celebrated Initial Year of Its Fousding Last Night—Annual Excursion Next Tuesday.

In a most elaborate and appropriate manner the Clover Club, an organization of young men for the cultivation of their literary and social tastes, last night at their comfortable quarters in the hall at Fifth and Castle streets, celebrated most interestingly and profitably the first anniversary of their founding. The Club rooms have recently been handsomely fitted up in first-class style and last night with their decorations and thronged with members and distinguished guests, the first anniversary celebration gave every promise of a long and useful career for the organization. The Club is composed of business, professional and trades people and numbers some of Wilmington's very best citizens. Last night all classes were represented and the affair was declared in every way creditable to the enterprising young men who arranged it and executed it so successfully.

During the evening a course of substantial refreshments with an elegant quality of punch and cigars were served. A number of set and impromptu speeches were delivered and toasts responded to. The address of welcome was by Woodus Kellum, Esq., following which Mr. J. H. Curtis, one of the leaders in the young men's club, gave a succinct and very interesting history of the organization. Alderman W. W. King spoke very entertainingly and instructively on the subject "Duties and Pleasures," drawing the lines of distinction very cleverly and with profit to those who heard him. Afterwards there were a number of toasts. Alderman Martin Rathjen, in his genial whole-souel manner, responded to the toast "Kiss Who We Please and Please Whom We Kiss." Former Alderman S. Behrends was very happy in his response to "Long Live the Club."

Mr. Daniel E. Costin was master of ceremonies and under his expert guidance everything passed off most pleasantly.

The officers for the ensuing year are composed of Mr. P. D. Jenkins, president; Mr. J. W. Curtis, vice president; Mr. A. L. Motte, secretary; Mr. Francis Garrison, assistant secretary; Mr. J. H. Curtis, treasurer, and Mr. W. Fisher, sergeant-at-arms.

On next Tuesday afternoon and evening the Club will have its annual excursion to Carolina Beach and a most pleasant affair is promised for all who take the trip with the Clover boys. There will be two boats—at 5:15 and 7:45 P. M., with a late boat from the beach at night. All friends of the Club are invited.

DAY AFTER THE FOURTH.

Goodly Number of Penitents Before The Mayor Yesterday.

In the absence of Mayor Waddell, who was one of the principal speakers at the unveiling of the monuments to Gens. Nash and Davidson on the Guilford Battle Ground, the session of the municipal court yesterday was presided over by Mayor Pro Tem. O'Brien. The cases were few in number, considering the holiday intervening, but several of them were of more or less interest.

Harrison Smith, colored, charged with an assault on Laura Wiggins, a colored cook, was fined $10 and costs from which he took an appeal. He gave bond with S. Seigler as surety in the sum of $25.

James Abraham, colored, had gone out in the edge of the woods to fire a fourth of July salute without informing himself as to the city limits and reckoning without the mounted police. Mounted Officer Leon George heard the firing and ran the darkey in. Considering it was the "glorious fourth" Mayor O'Brien told the coon to go his way.

Henderson Hayes made his semi-monthly appearance for drunkenness and disorderly conduct. He was given an additional 15 days and assigned to work on Sergeant Burnett's farm until he pays up the costs.

Dandy Johnson, colored hackman, charged with obstructing the street near the Front street station of the Coast Line, got clear on a technicality.

John Green, a walking blind tiger, who operated from Ninth, between Nixon and Taylor streets as a base of operations, was bound to the higher court under bonds of $25 in each of two cases for selling without license and on Sunday.

DISORDERLY AT THE BEACH.

R. W. Spivey Given Trial on Two Charges Yesterday Morning.

R. W. Spivey, a white man employed by the Coast Line as a watchman out at the "Y," and by virtue of that position a special officer of the city, was given trial before Justice Bornemann yesterday morning on a charge of carrying concealed weapons and an assault. On the Fourth of July at Carolina Beach he had words with several, and when Deputy Sheriff J. W. Smith went to arrest him, he drew his pistol and struck at another man. At the trial yesterday he was fined $5 and costs for disorderly conduct and was bound over to the higher court for carrying a concealed weapon out of the city limits over which his jurisdiction extended as a special officer. In default of the bond he went to jail. He was also asked to surrender his special policeman's badge to Chief Williams, which he did.

DISAFFECTION IN THE RANKS.

Call for Another Republican Convention Saturday Night.

Elsewhere in to-day's Star will be found an advertisement calling another convention of the handful of Republican voters in New Hanover county for the purpose of naming other delegates to the State and Congressional conventions. It is also stated in the call that precinct and county executive committeemen will be elected and a "permanent, regular organization perfected." The call for the convention or mass meeting names as the place Germania Hall on Saturday night and it is understood that it will represent the Blackburn wing of the party, which right now seems to be in the ascendancy elsewhere in the State. The reasons for the meeting are set forth in the call. Mr. J. M. Forshee is understood to be at the head of the movement for the meeting Saturday night.

HALT CALLED ON SWINDLING.

Massachusetts Man Sent to Penitentiary Fifteen Years.

By Wire to The Morning Star.

Boston, Mass., July 5.—Ferdinand E. Borges, formerly of Indiana and one of the promoters of the Ubero Plantation Company, was to-day sentenced to serve from 12 to 15 years in State prison for larceny and conspiracy by Judge White in the Superior Criminal Court. Borges was convicted on 73 counts of larceny and one of conspiracy in connection with the affairs of the Ubero Company. He was indicted with former Congressman William D. Owen, of Indiana, who has not yet been arrested.

Borges was apparently astounded at the punishment. He recovered his self control quickly, however. The terms of the sentence provide hard labor.

Before announcing the sentence Judge White reviewed the evidence in the case. He declared that the evidence showed that Borges was no less than "a common and notorious thief."

The testimony at the trial indicated that the defendant, by false statements as to the character of the Ubero property, had induced many people to invest in Ubero stock and that they had been defrauded out of large sums of money.

BRYAN'S NEW YORK RECEPTION.

Roosevelt Will Not Preside for Anti-Trust League.

New York, July 5.—William Hoge, president of the Commercial Travellers' Anti-Trust League, yesterday invited Mr. Roosevelt to preside at the reception to be tendered Mr. Bryan upon his arrival from Europe early in September. Mr. Hoge explained in his letter that the Commercial Travellers' Anti-Trust League is not a Democratic nor partisan organization in any sense and that the organization regards Mr. Roosevelt as being as much opposed to trusts as is Bryan.

Oyster Bay, July 5.—President Roosevelt will not preside at the reception the Commercial Travellers' Anti-Trust League is to tender William J. Bryan at Madison Square Garden, New York, August 9th on Mr. Bryan's return from around the world. The letter of William Hoge, president of the league inviting President Roosevelt to officiate and expressing the non-partisan character of the organization and its belief that the President is as much an enemy of the trusts as Mr. Bryan, was received and answered by Secretary Loeb. The President had determined some time to refuse all proffered engagements during the Summer, and Secretary Loeb needed no further consultation in sending a declination in accordance with the time honored custom.

KEEPS THE KIDNEYS WELL.

Health is Worth Saving and Some Wilmington People Know How to Save It.

Many Wilmington people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is the statement of a Wilmington citizen who has reclaimed good health by the use of this remedy:

J. E. Bloodworth, residing at 30 South Front street, and employed at 123 Princess street, says: "I used Doan's Kidney Pills and they have proven to be a very valuable remedy and I believe I am safe in recommending them. My back and kidneys have given me great trouble. I thought I had rheumatism. I had shooting pains through my back and sides which often made me yell right out. If I stood, sat or lay down or kept in one position for any length of time it was almost impossible for me to move on account of the great pain. I heard some one speak of Doan's Kidney Pills and I sent down to Bellamy's drug store and got a box. They completely removed the pains. They are without doubt a valuable remedy for backache."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States.

Remember the name—Doan's—and take no other.

TILLMAN HAS FIELD TO SELF.

Col. Lumpkin Quits Race for United States Senate.

Charleston, S. C., July 5.—A special from Columbia to-night says Colonel W. W. Lumpkin has withdrawn from the race for United States Senator. This leaves the field clear for Senator Tillman's re-election. Colonel Lumpkin has issued the following card:

"On account of the change of conditions surrounding the Senatorial race, I deem it best to withdraw from the contest. I have endeavored to conduct my campaign in a manly, straight forward way up to this time and retire feeling that I have not intentionally wronged any one.

(Signed) "W. W. LUMPKIN."

No cause is assigned for this move but the hopelessness of the fight as generally conceded by the press may have brought the matter to a climax.

TOMATO SLUMP UPSETS LOANERS

Large Company Calls In Loans on Case Goods Stored In Warehouses —Prices Go Tumbling.

New York Journal of Commerce, July 4:

"The developments of Saturday in New York seem to have further aggravated the affairs of the $3,000,000 tomato syndicate, which have attracted wide attention since the Mechanics' Bank of Baltimore the first of last week threw 40,000 cases on the market at 90 cents, breaking the price from considerably above the dollar mark. It is stated by what should be good authority that a new problem which the syndicate must face is a notice given by the Guaranty Trust Company, of New York, calling in its loans by the middle of the present week.

"Of course, if this loan is taken up within the time specified it will give the syndicate a further lease of life. But if not, then, according to a broker with whom a representative of this journal discussed the matter last evening, other banks which have lent money on tomatoes in warehouses will be encouraged to act accordingly, which will be apt, he argued, to depress tomatoes to a price much below the figure paid by the syndicate for its two million or so cases.

"It was found to be impossible to reach any officer of the Guaranty Trust Company late on Saturday or yesterday, but from a source believed to be reliable it was learned that the company became dissatisfied with the tomato situation the latter part of June, and when the Baltimore bank marketed its holdings last week, proceeded to call its loan, placing a ten-day limit. It is understood that the time is up next Wednesday, although it is possible that it may not expire until Friday or Saturday.

"The tomatoes held as collateral are said to be stored in Baltimore."

ROOSEVELT AS WELL AS BRYAN

President Invited to Preside at New York Reception to Nebraskan.

New York, July 4.—William Hoge, president of the Commercial Travellers' Anti-Trust League, today invited Mr. Roosevelt to preside at the reception to be tendered Mr. Bryan upon his arrival from Europe early in September.

Mr. Hoge explained in his letter that the Commercial Travelers' Anti-Trust League is not a Democratic nor partisan organization in any sense and that the organization regards Mr. Roosevelt as being as much opposed to trusts as is Bryan.

A Tragic Finish.

A watchman's neglect permitted a leak in the great Northern Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflamation caused by a neglected cold; but Dr. King's New Discovery saved my life. Guaranteed best cough and cold cure, at all druggists. 50c and $1.00. Trial bottle free.

THE COTTON MARKETS.

New York, July 5.—The cotton market was quiet, but ruled generally steady, particularly in the late trading with the close steady, one point lower to 5 points net higher. Sales were estimated at 50,000 bales. The opening was steady at unchanged prices to an advance of 2 points, which was just as about as due on cables. There was a little fresh buying, however, and the market sagged off to a decline of 1 to 3 points during the morning on scattered liquidation asd selling by some of the local bears. At the decline there seemed to be demand for recent sellers and the market steadied up to about the closing level of Tuesday. Ruling steady around that level during the middle session, the market firmed up late in the day on covering of shorts and a little bull support. The close was within a point or two of the best on the active months. The first new bale of the season is reported from Brownsville, Texas, about a week later than last year.

Estimated receipts at the ports today 4,253 bales against 4,170 last week and 9,727 last year. For the week 25,000 bales against 30,625 last week and 62,549 last year. To-day's receipts at New Orleans 234 bales against 2,589 last year and at Houston 181 bales against 1,612 last year.

WASHING WITHOUT WATER

Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Canthrarides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

We do wiring pretty well too; at least we don't know of a dissatisfied customer. And our prices are right, that's the most interesting part.

REVOLUTION RIFE ALL OVER RUSSIA

Frequent Mutinies Among the Troops and Provinces Threatens to Set Up Republics.

PEASANTS ARE THREATENING

Revolution Planned If Parliament is Dissolved—Twenty-four Provinces in Movement—Twenty-seven Caddies to be Shot.

St. Petersburg, July 5.—Dispatches received here to-day from Samara state that two regiments garrisoning that important provincial capital had mutinied and presented a series of politiscal and service demands. The officers promised to satisfy the service demands if the mutineers would return to duty, but the men replied that they would be satisfied only with compliance with all of their demands, political and service demands. The situation, but are not indulging in excesses. The situation is complicated by the fact that in Samara the revolutionists are pushing a movement to proclaim a republic in case a general strike is declared and may seize the present opportunity to furtheir their aims.

The ferment among the soldiers and sailors at Odessa and Sebastopol continues.

No inkling of the reported rioting and pillaging at Vladivostok has reached the Russian public, but the military authorities who control the telegraph would be able to withhold for days any news of such conditions as they did of the last uprising there.

Threatened Uprising.

A meeting of the congress of peasants' unions, representing twenty-four provinces, with delegates from the social revolutionary and labor parties and the Finnish red guard, was held in Helsingfors to-day. The congress adopted a resolution to call a general rising if Parliament should be dissolved and to make all preparations for a revolution, but to wait for the signal from St. Petersburg.

Police activity against the "patriots" who are trying to incite anti-Jewish uprisings, is reported from various sections of the country. The local authorities evidently have taken warning from the change in sentiment in official circles at St. Petersburg since publicity was given to the Bialystok. events. The policeman of Bialystok who was caught firing the revolver shots which were ascribed to Jewish revolutionists, precipitating a renewal of the massacre there, has been dismissed from service. He pleaded that he was drunk at the time and had no intention of provoking a renewal of the excesses.

Tiflis, Caucasia, July 5.—A general strike has been declared by the proletariat organizations of this city in sympathy with the demand for the pardon of twenty-seven soldiers who have been sentenced to be shot because they refused to fire on the populace during the disturbances here last March.

A large delegation of the tobacco growers' association of the United States arrived in New York yesterday on board the steamer Princess Anne, from Norfolk, Va. One session of the annual conference was held at sea. The meeting will be continued to-day at the Grand Union Hotel.

THAWS NOT MARRIED WHILE IN EUROPE

Her Statement That There Were Two Marriages Was Owing to Misunderstanding Over Telephone. Never Had Suit Against Thaw.

By Wire to The Morning Star.

New York, July 5.—Judge Olcott said to-day that Mrs. Thaw's statement of several days ago in which she declared that she and Thaw were married in Europe and that the ceremony in Pittsburg was performed solely upon the request of Thaw's mother, was made under a misapprehension. He said that the confusion arose through Mrs. Thaw's misunderstanding a question on the telephone and that, as a matter of fact, the Thaws' never were married in Europe. The first and only marriage ceremony was the one performed at Pittsburg.

Roger O'Mara, former superintendent of police of Pittsburg, who had been summoned here by counsel for Thaw, had a conference with Judge Olcott this afternoon. Mrs. Thaw was present during part of the interview and had a talk with Mr. O'Mara. The detective will immediately start west in charge of a corps of men to gather all possible information that will help Thaw gain his freedom.

Harry Thaw, his counsel, former Judge Olcott, and Mrs. Thaw held a long consultation in the Tombs to-day. At its conclusion Judge Olcott said he wished to add his own denial to that of Assistant District Attorney Garvan with reference to the story of the affidavit alleged to have been made by Mrs. Thaw in a contemplated suit against Thaw previous to their marriage. "You can't make the denial of that story too strong, too positive," said Judge Olcott. "No such affidavit exists, nor was any such suit instituted, or even contemplated. The story is an absolute lie manufactured out of whole cloth, by some enemy of Harry Thaw."

Mrs. Thaw, who was present at the time, was asked if she had anything to say on the subject.

"I have nothing to add to what Judge Olcott has just told you," she said.

Private Detective Bergoff, who was engaged to shadow Harry K. Thaw, on behalf of the late Stanford White, was examined by Assistant District Attorney Garvan to-day. During the examination he said that he was engaged to do the watching by Abraham H. Hummel, of the legal firm of Howe and Hummel and Delancey Nicoll, to both of which he furnished copies of his reports on the work accomplished. Mr. Garvan sent both to Mr. Hummel and Mr. Nicoll for the reports in question, which he now has in his possession, but to which he has not yet given his attention.

Conflicting stories as to the existence or non-existence of an affidavit made by Evelyn Nesbit in a breach of promise suit which, it is alleged, she took steps to bring against Harry Kendall Thaw prior to her trip to Europe, and marriage to him later, were told to-day by persons interested in the investigation of the Thaw-White murder.

Early in the day Assistant District Attorney Garvan was quoted as saying that there was no truth in the story that he expected to come into possession of the alleged affidavit, and further that he had no reason to believe such a paper existed.

Counsel for Harry Thaw and Mrs. Thaw herself added their denials to the report that there had ever been such an affidavit made or contemplated. The reports were said to be circulated by some enemy of Thaw and were wholly untrue.

Following this came a statement attributed to the District Attorney's office that it was known there that the Nesbit girl had visited the office of Howe and Hummel; that she did have a consultation with Mr. Hummel, and it is alleged that the affidavit in question was the result of that interview, the case being Mr. Hummel's personal matter and not a part of the office business. It was further stated that while the District Attorney's office had learned the affidavit was really made, it had been destroyed upon the reconciliation of the Nesbit girl and young Thaw.

There was a further report current to-night that the District Attorney's office had been informed that a record of the alleged affidavit exists, is available and will play a prominent part in the evidence introduced by the prosecution at Thaw's trial.

TO HANG FOR HEINOUS CRIME.

Negro Tried in Baltimore for Assault on Two Women.

By Wire to the Morning Star.

Baltimore, July 5.—William Lee, a colored youth of 17 years, was tried in the Circuit Court of this city today before Judges Harlan, Wright and Dobler and sentenced to be hanged in Somerset county for criminal assault on two white women. He confessed his crime. The assault took place six weeks ago, the culprit having escaped to Virginia and later brought to this city to escape the vengeance of a mob which had assembled in Somerset county.

The feeling in that county continues to be such that it was deemed unsafe by the authorities to take him there to be tried, and for that reason the trial took place in this city. He will have to be taken to Somerset county to be executed on a day to be fixed by the Governor, and it is deemed certain that it will require a strong militia force to protect him from the maddened populace.

MONKEY WITH WRONG CROWD.

Sailor on Roosevelt's Yacht Stabbed By an Italian.

By Wire to The Morning Star.

Oyster Bay, N. Y., July 5.—An unknown member of the crew of the President's yacht Sylph was stabbed late last night by an Italian who had been annoyed by several of the Sylph's men. The sailors from the Sylph, who were standing near the executive offices at midnight, threw several bunbles of fire crackers among a party of Italians who were passing. An hour later the Italians returned and one of them stabbed the sailor in the left side several inches below the heart. Another Italian shot at the sailor, but missed. The wound was dressed and the sailor was taken aboard the Sylph.

UNITED STATES TO ARBITRATE

Gautemala and Salvador About to Go to War Over Latter's Conduct.

ABETTED LATE REBELLION

She Even Sent Troops Over Into Guatemala Territory to Aid in Overthrow of President Cabrera—United States Displeased.

By Cable to The Morning Star.

Washington, July 5.—Again the United States will probably figure as a peace maker. Guatemala and Salvador are making overtures for the arbitration of their troubles resulting from the alleged activity of Salvador in support of the revolutionary movement against President Cabrera, of Guatemala, and it is likely that the United States will be selected as the country in which the board of arbitration will meet. The State Department has been advised of the desire of the two countries, which are almost at the point of making war against each other, to have their differences settled by arbitration and although formal negotiations have not been made as yet, there seems to be but little doubt that an amicable settlement of the points of differences will be finally effected through arbitrators.

At the first intimation of outside interference in Guatemalan affairs the State Department sent the Marblehead from Panama to prevent meddling, and Mexico and the United States both made it clear that they would look with disfavor upon any combination of Central American republics to overthrow President Cabrera of Guatemala.

When the position of the United States became clear, Salvador announced the appointment of J. R. Pacus as special envoy to present the Salvadorean position to the American authorities and prevent any serious international complications. The State Department has been advised of the departure of Mr. Pacus for this country, but it is not believed that he will arrive in Washington for several weeks because of difficulty in reaching this country from Salvador.

Guatemala complained bitterly to the United States of the conduct of Salvador and charges that the latter government has taken every means to forward the cause of the revolutionary general, Barillas, and to hasten the downfall of President Cabrera. It is charged that Salvador not only winked at all expeditions which crossed her boundary into Guatemalan territory, but actually sent troops into Guatemala and committed many acts which cannot be regarded as less than the invasion of the territory of a friendly power.

It is announced from Oyster Bay that President Roosevelt will cable his hearty congratulations to the royal family of Germany on the birth of an heir to the throne. This message will be in responst to an official notification which will later proceed from the German capital to the nations of the world. If the President's message is made public it will be by the recipients. The President received no callers yesterday, but spent a busy two hours with Secretary Loeb and his mail.

JEWISH MASSACRES AIDED BY AUTHORITIES

Were Announced Day Before Rioting Began at Bialystok—Hint That Gen. Trepoff Inspired Horrible Atrocities.

By Cable to The Morning Star.

St. Petersbur, Julyg 5.—In the lower house of Parliament to-day M. Stchepkin presented the Bialystok report. In a speech accompanying it he emphasized the inefficiency of M. Stolypin's measures, in the early stages, to stop the rioting and said that Police Lieutenant Sherometieff and other organizers of the rioting at Bialystok acted under secret inspiration and influences more powerful than the minister, thus plainly indicating General Trepoff, although his name was not mentioned.

M. Stchepkin declared that the evidence obtained proved the following facts:

First—That no religious race prejudice existed to warrant the measure.

Second—That the rioting was deliberately prepared by accusing the Jews of being revolutionists.

Third—That the day of the riot was announced in advance by the authorities.

Fourth—That the administration and the troops acted lawlessly in permitting the systematic killing of peaceful Jews, including women and children, under the guise of suppressing a revolution; and that the military and civil authorities not only assisted, but participated in murders, tortures and robbery.

In conclusion M. Stchepkin presented the recommendation of the commission that Interior Minister Stolypin and War Minister Rudiger be interpellated, asking that if steps have been taken to prosecute the guilty civil and military officials.

Bialystok, Russia, July 5.—General Bogalevski, the temporary governor general of Bialystok, which is still under martial law, has dismissed the mayor because he refused to accept a petition from the inhabitants asking for the convention of an extraordinary session of the town council to deny the accuracy of the report of General Bader, the former governor general on the recent massace of Jews. Twelve policemen have been indicted for the participation in the rioting.

LIBELOUS FALSEHOOD AGAINST TOM TAGGART

National Democratic Chairman's Hotel Not Raided as Gambling Joint—Says Hearst Originated Calumny Because Taggart is for Bryan.

By Wire to the Morning Star.

French Lick Springs, Ind., July 5.—Thomas Taggart, chairman of the Democratic National Committee, today gave the Associated Press the following statement made in reply to the demand made by the New York World that he resign the national chairmanship of the Democratic committee:

"The New York World has allowed itself to be imposed upon by the false and scandalous publications of a rival newspaper whose editor is my personal enemy for reasons best known to himself.

"There has been no raid, nor attempted raid upon the French Lick Springs Hotel, nor has such a thing been thought of, save by Mr. Hearst and his correspondents.

"A building owned by the French Lick Springs Company wholly disconnected from the hotel property, was leased to a party to be used for billiards and a bowling alley, with a strong clause against gambling in the lease. After a time this tenant permitted gambling. We brought suit for possession on the ground of the breach of that provision in the lease and recovered judgment. He appealed the case and it is pending for trial in the present term of court. The State authorities have supplemented our efforts to recover possession by raiding that building and that is all there is to the grossly sensational publications in which the World has placed credence.

"The French Lick Springs Hotel has not tolerated and will not tolerate gambling in any form on its premises. This is attested by the court records, which show our efforts to suppress it, and it is well known to Mr. Hearst, who with such knowledge, continues the publication of his vindictive and libelous falsehoods. I regret that the World has seen fit to dignify these atrocious falsehoods by editorial mention.

"The proposition that I should resign is preposterous. It deserves and will receive no attention.

(Signed) "T. TAGGART."

Attention is called by intimate friends of Mr. Taggart, who are usually authorized to speak for him, to the fact that on June 7 the Indiana Democratic State convention unanimously indorsed W. J. Bryan for the Presidential nomination, and to the fact that the attacks on Mr. Taggart followed the Bryan indorsement, being apparently attributed to the influence of National Chairman Taggart.
